

13.4.2017

Dear Klemen Ramovš,

We are delighted to inform you that the Seviq Brežice has been selected to receive the EFFE Label 2017-2018. Your application was approved by the International Jury following successful evaluation by the Hub Experts on a national level.

Seviq Brežice is now part of the EFFE festival community, facilitated by the European Festivals Association, which consists of festivals that stand for artistic quality and have a significant impact on the local, national and international level.

Your festivals received the following feedback from the International Jury and Hub Experts:

**Exciting and inspiring festival focused on early music that seeks for strategies to add interest to the concerts and give new values and perspectives to approach them in different ways. The festival could develop further audience strategies.**

Darko Brlek, President EFA and Jonathan Mills, President EFFE International Jury 2017-2018
