**Séjour de l'éternelle paix:** Rameaujeva in Leclairova dela ob 250. obletnici njune smrti

*Works by Rameau and Leclair - 250th anniversary of their death*

Pred 250 leti je Francija izgubila svoja dva največja skladatelja: eden od njiju je bil vsekakor Rameau, čigar genialnost zdaj priznavamo vedno bolj in ga postavljamo ob bok največjim, kot sta Bach in Mozart, drugi pa Jean-Marie Leclair, ki je umrl istega leta kot Rameau (1764) – našli so ga zabodenega pred njegovo lastno hišo. Kar je Rameau pomenil za vokalno glasbo (s svojo neprekosljivo umetnostjo izražanja in svojo sposobnostjo prevzeti srce poslušalca z izjemno očarljivimi harmonijami), je za Leclairja veljalo na področju instrumentalne glasbe – njegova virtuoznost na violini je bila na najvišji ravni, bil pa je tudi izjemno eleganten, kar nas opomni na to, da ni bil le odličen violinist, ampak tudi plesalec. Les Ambassadeurs so bili s svojo večkrat nagrajeno zgoščenko z Rameaujevo glasbo (Erato) označeni za največje Rameaujeve podpornike.

250 years ago, France lost its two greatest composers: Rameau, of course, whose genius is now being recognized and fully stands next to Bach and Mozart; but also Jean-Marie Leclair, who was found in the same year (1764) stabbed to death in front of his house. What Rameau was to vocal music (with his unsurpassable art of eloquence and his art to capture the heart of the listener with the most bewitching harmonies), Leclair was to instrumental music, which is not only the highlight of violin virtuosity but also supremely elegant – which reminds us that he was as great a dancer as a violinist. With their multi-awarded Rameau CD (Erato), Les Ambassadeurs have been recognized as Rameau's best advocates.

## Helsinki Baroque Orchestra (Fl)

**Kajsa Dahlbäck** (soprano / soprano), **Tuomo Suni** (violina / violin), **Aira Maria Lehtipuu** (violina / violin), **Pavel Serbin** (violončelo / cello), **Jasu Moisio** (šalmaj / shawm), **Jani Sunnarborg** (dulcijan / dulcian), **Aapo Häkkinen** (čembalo / harpsichord)

**Mare Nostrum - Musica Baltica & Mediterranea**

Glasba, ki jo izvaja Helsinki Baroque Orchestra, predstavlja očarajoče zlitje italijanske tehnike petja z zrelim germanskim instrumentalnim *stylus phantasticus*. Tema in svetloba se izmenjujeta na čaroben nordijski način. Medtem ko je rimski Mare Nostrum postajal medcelinsko Sredozemsko morje, je kultura ob Baltskem morju cvetela kot še nikoli poprej. Glasba, tako kot mnoge druge stvari, se pogosto rodila iz morja. Helsinki Baroque Orchestra poskuša evropska »morska dovojčka« združiti na ustvarjalno intelektualen in izviren način.

*Music performed by the Helsinki Baroque Orchestra presents a fascinating fusion of Italian vocal style with the mature Germanic instrumental Stylus Phantasticus. Darkness and light alternate in a magically Nordic manner. While Roman Mare Nostrum was becoming the intercontinental Mediterranean, culture around the Baltic Sea was flourishing in an unprecedented way. Music, among so many other things, is often born from the sea. Helsinki Baroque Orchestra brings the European 'twin seas' together in a creatively intellectual and original concept.*

### Johann Sebastian Bach: Sonate I, II, III & Concerto

Datum nastanka Bachovih treh sonat za violo da gamba in čembalo ni natančno znan, vendar pa lahko sonatam zelo natančno določimo slogovne značilnosti ter način, v katerem so napisane, saj prvi dve združuje shema Corellijevega tipa cerkvene sonate v štirih stavkih, tretja pa spominja na obliko koncerta *italianate*. Čembalo je povsem neodvisen in ni nikoli postavljen v ozadje kot spremljiva, desna roka čembalista pa, kot drugi odločilni del poleg viole da gamba, igra eminentno koncertno vlogo.

*There are no certainties concerning the date of composition of the three sonatas for viola da gamba and harpsichord by Bach. However, they present very distinct characteristics of style and writing, the first two adopting the scheme of Church Sonata in the Corellian type, in four movements, and the third evoking the frame of the Italianate concerto. The harpsichord is completely emancipated, never relegated to the role of simple accompanist, the right hand of the harpsichordist being employed as a second instrumental part next to the viola da gamba, and playing an eminently concertante part.*

### Glasba dresdenskega dvora / Music in Dresden Court

Od 17. stoletja dalje so na glasbeno življenje dresdenskega dvora močno vplivali italijanski glasbeniki, pevci in skladatelji. Program predstavlja nekaj najpomembnejših kapelnikov ali virtuoзов tega dvora, kjer so glasbi pripisovali izjemen pomen. Heinichen in Hasse sta bila pomembna skladatelja na dvoru; Veracini je bil eden največjih virtuoзов na violinu v Evropi; Telemann pa – četudi tam ni poučeval ali ustvarjal – je imel v Dresdnu ogromno "obozevalcev", tam pa je spoznal tudi nekaj svojih prijateljev, na primer G. F. Händla in druge.

*From the 17th century onwards, musical life at the Dresden Court was strongly influenced by Italian musicians, singers and composers. This programme presents some of the most important Kapellmeisters or virtuosi in such a court, where music was one of the most important moments of life. Heinichen and Hasse were important court composers; Veracini was one of the most important violin virtuosi in all of Europe. Quantz was a theoretical master, who taught his "pupil" Federico II to play the traverse; and Telemann – even if he did not teach or conduct in Dresden – had numerous "fans" and also met some of his friends there, for example G. F. Handel and others.*

## Xavier Díaz-Latorre (ES) (baročna lutnja / baroque lute) Tanja Skok (SI) (ples / dance)

### BACH eMotion: lutnja in ples / lute and dance

Umetnika v programu neprestano združujeta in prepletata liniji kode in kreacije, historičnega in sodobnega. Dve obliki umetniškega izražanja postavljeni druga ob drugi sta ves čas neobhodno povezani, vendar imata različni izhodišči in med seboj vzpostavita bogat in čustven dialog. Oblika predstavitve ni niti koncert niti plesna predstava - gre za ponovno poglobljeno srečanje dveh umetniških zvrsti, ki sta v zgodovini že delovali tesno povezani, vendar sta se z lastnim razvojem sčasoma razdržili.

The artists constantly combine and intertwine the lines of code and creation, of historical and modern. Two forms of artistic expression are set one next to the other, inseparably connected at all times, but with different starting points, which establishes a rich and emotional dialogue. The form of presentation is neither a concert nor a dance performance – it is an event of two artistic genres, which were closely connected in the past but have developed in different directions, meeting once again.

### Monteverdi & Contrareformatio

Na koncertu bomo slišali dele madrigalskega opusa Claudia Monteverdija v posvetni obliki, kjer to tematika dopušča, ter v sakralni, kjer so take razlike ohranjene do danes, z vstavkom Aquilina Coppinija, Monteverdijevega priatelja, pesnika in glasbenika, ki je služboval pri sv. Karlu Boromejskem, velikanu protireformacije. Milanska cerkev je prepoznala potencial madrigala, njegovo moč in svežino izraza, najprej pa je njegovo kvaliteto in priljubljenost izkoristila v organizaciji za družbeno in kulturno ostrino protireformacije s tem, da je dodala novo sakralno besedilo, sestavljeno po vzorju lirčnega izvirnika. Komentarje in intermezze te prekrasne, za poslušalce intelektualno in čustveno zahtevne glasbe, bo z igranjem skladb Piccinnija in Gaultiera na lutnji izvajal Edin Karamazov.

The concert presents parts of Claudio Monteverdi's madrigal opus – secular where the theme allows for it, and sacral in some parts which have been preserved up to this day, with an insertion by Aquilino Coppini, Monteverdi's friend, a poet and musician, whose employer was Saint Charles Borromeo, one of the great leaders of the Counter-Reformation. The Milanese Church recognised the potential of the madrigal, its power and its freshness of expression, and first used these qualities to give Counter-Reformation a social and cultural edge by adding a new sacral text inspired by the lyric original. The comments and intermezzi of this beautiful music, which is intellectually and emotionally heavy for the listener, will be carried out by Edin Karamazov, who will perform Piccinni's and Gaultier's pieces on the lute.

## Trio Classic (BA)

Aleksandra Pereula (violina / violin), Sunčica Lončar (flavta / flute), Mirjana Bubić (viola / viola)

### Dunajska klasika / Viennese classics

Dunajske klasike v prirejeni različici: klasični trio – dve violini in violončelo – zamenjajo violin, flavta in viola. Trio Classic nas popelje na potovanje po Londonskih triih Josepha Haydna, Beethovenovih Variacijah in Mozartovem divertimento ne le z igranjem glasbe teh skladateljev, ampak tudi s pripovedovanjem zanimivih ter smešnih anekdot o njih. Poučen in zabaven program; klasičen in vedno zanimiv.

*Viennese classics in a transcribed edition: the classic trio – two violins and a cello – are replaced by a violin, a flute and a viola. Trio Classic puts us on a journey of Joseph Haydn's London trios, Beethoven's Variations and Mozart's divertimento, by not just playing their music but also telling interesting and humorous anecdotes from the composers' lives. An educational and enjoyable programme; classic and always interesting.*

### Tour de baroque

Tour de Baroque je edinstven izbor glasbenih del in mojstrovin dveh stoletij glasbene zgodovine. Od začetka 17. stoletja dalje je bilo moderno in se je od vsakega mladega gospoda pričakovalo, da bo obiskal velika renesančna mesta, kot so Firence, Benetke in Rim. Program je tako vrhunška kombinacija glasbenih izkušenj in okusov. Nenasitna želja vodi ansambel, da odkriva enkratnost tega zvoka in tudi mojstrovine glasbene umetnosti, ki so nam danes bližje, da bi jih ponovno našli in v njih uživali.

*Tour de Baroque is a unique selection of musical works, which cover two centuries of musical history. Ever since the beginning of the 17th century, it was considered fashionable and was expected of every young gentleman to make his way to the great Renaissance towns of Florence, Venice and Rome. Therefore, the programme is a top-quality combination of musical experiences and tastes. An insatiable desire drives the ensemble to discover the uniqueness of this sound, and also the masterpieces of musical art that we can relate to more nowadays, so that we may find and enjoy them once again.*

### Il Canto, le Donne, la Follia

Program, ki spominja na potovanje, zgodba o čustvih in strasteh, katerih rdeča nit niha med ženstvenostjo, ljubezljivo in ... la follia. Prizorišče dogajanja je Italija v 17. in zgodnjem 18. stoletju, magično obdobje, ko se bartočni duh pojavi v svoji najbolj presenetljivi in strasti obliki – podobno kot umetnost zapeljevanja lepe dame. Variacije na bassu continuu, izvedene na specifičen način, ki je značilen za italijansko umetnost 17. stoletja, v vpadljivem crescendu, ki se konča z Vivaldijevo La follia.

*A programme that is like a journey, a tale about emotions and passions whose leading line swings between femininity, love and ... la follia. The scene is Italy of the 17th and early 18th centuries, during the magic period when the Baroque spirit emerges in its most passionate and surprising shape – much like the art of seduction executed by a beautiful lady. Variations on a figured bass made with the Italian specific state of art of the 17th century, in a flamboyant crescendo ending with Vivaldi's La Follia.*

### Češka glasba 18. stoletja / Czech Music of the 18th Century: Vodička, Tůma, Benda

Vodička, Tůma in Benda so ustvarjali v času estetskih sprememb na področju umetnosti. Ko so jih najemali na najpomembnejših evropskih dvorih osemnajstega stoletja – München, Dunaj, Berlin – so se srečali s kalejdoskopom novih in starih formalnih glasbenih rešitev. Tako lahko v njihovih delih slišimo vplive neapeljske šole, galantnega sloga, grobega sloga viharništva (*Sturm und Drang*) in nastajajočega klasičnega sloga, ki jih uveljavljajo s čustvenostjo ter rahločutnostjo, značilno za ljudi iz vzhodnega dela Srednje Evrope.

Vodička, Tůma and Benda composed in times of aesthetic changes in art. Hired at the important eighteenth-century European courts – Munich, Vienna, Berlin – they encountered the kaleidoscope of old and new formal solutions in music. Thus, in their works one can hear influences of the Neapolitan school, galant style, the rough style of *Sturm und Drang*, and the emerging classical style, enforced with sensibility and sensitivity characteristic for the people from East-Central Europe.

### Joseph Haydn (1732-1809): Orlando paladino (Hob. XXVIII:11)

Dramma eroicomico v treh dejanjih – scensko / in three acts – scenic

Vitez Orlando se močno opeče v ljubezenski zvezi s prineso Angelico, zaradi česar ga prevzame divje ljubosumje. Angelica je zaljubljena v zgubo, viteza Medora. Tu je še Rodomonte, bojevnik in kralj, ki ima z Orlandom neporavnane račune in je vedno pripravljen na boj. Toliko o junaškem delu drame, med dejanji namreč spoznamo še Pasquala, Orlandovega smešnega in strahopetnega služabnika, nekakšnega Sanča Panso, ki na svoji poseben način poskrbi za zabavno odvijanje dogodkov. Le Joseph Haydn, Spiritus Rector "musikalischer Scherza", se je lahko tega znanega libretta lotil na tako izjemен način. Z eno besedo – "operno"!

Orlando is a knight consumed by wild jealousy after having been crossed by his love interest, a princess by the name of Angelica. Angelica literally loves a loser, a knight called Medoro. There is also Rodomonte, a fighter and king of Barbary, who has a score to settle with Orlando and who is always ready for a fight. So much for the heroic part of the drama, in between acts we also meet Pasquale, Orlando's funny and cowardly servant, a kind of Sancho Panza, who hilariously directs the action in his unique manner. Only Joseph Haydn, Spiritus Rector of "musikalischer Scherz", could succeed in attempting this famous libretto in such a sublime manner, all in all "operesque"!

### Joseph Haydn (1732-1809): Armida (Hob.XXVIII:12)

#### Drama eroico – concertante

Opera Armida je ena najbolj znanih oper Josepha Haydna, ki jo po navadi opisujejo tudi kot eno njegovih najboljših del. To je bila njegova zadnja opera za palačo Esterháza, prvič pa je bila uprizorjena 26. februarja 1784 na otvoritvi vsakoletne operne sezone. Letos se predstavlja kot del projekta Evropske Unije – PURPUR EOS, pri katerem sodelujejo partnerji iz Avstrije, Slovenije, Hrvaške, Francije in Italije. Opero bodo v okviru orkestra Purpur izvedli mladi, nadarjeni evropski pevci in orkestrski glasbeniki.

*The opera Armida, one of Joseph Haydn's most famous operas, is generally described as one of his best. It is his last opera for Esterháza and was premiered on 26th February 1784 at the opening of the annual opera stage season. This year it is presented as part of an EU-project called PURPUR EOS with project partners from Austria, Slovenia, Croatia, France and Italy. Young, talented European singers and orchestra musicians, integrated into the Orchestra Purpur, will perform this opera.*

## Maria Gabryś (PL)

### Schubert - Mendelssohn - Chopin – romantika v dialogu / romantic youth in dialogue

Maria Gabryś se kot zmagovalka tekmovanja na historičnem klavirju leta 2012 letos vrača z dvema samostojnjima koncertoma. Njena očaranost nad historičnim klavirjem jo je vodila v Švico, kjer je pod vodstvom profesorja Jesperja Christensen na Schola Cantorum Basiliensis v okviru Musikhochschule v Baslu poglobila svoje znanje o starih glasbilih s tipkami in historični izvajalski praksi. Program, ki ga bo predstavila, obsega dela Schuberta, Mendelssohna in Chopina, ustvarjena med leti 1828–1835. Glasbeni dialog med mladimi skladatelji iz obdobja romantične se se odvija na mnogih nivojih in nas vodi k pravemu izviru romantičnega navdiha.

*Maria Gabryś, historical piano winner of 2012, returns this year with two independent concerts. Her fascination for historical pianos took her to Switzerland, where she increased her knowledge of old keyboard instruments and historical performance practices under the supervision of Professor Jesper Christensen at the Schola Cantorum Basiliensis of the Basel Musikhochschule. The programme she is going to present contains pieces composed by Schubert, Mendelssohn and Chopin between the years of 1828 and 1835. The musical dialogue between young, romantic composers takes place on many levels and guides us to the real source of romantic inspiration.*

### Libre Vermell de Montserrat & labirinti pomladni in ljubezni / Mazes of Spring and Love

Labirinti na kamnitih tleh srednjeveških cerkva so prispevoda posvečene poti. Njihova fizična podoba ima določen začetek in konec. Bistvo labirinta pa najdemo zunaj njegovega fizičnega okvira. Predstavljal ga je njegov namen in pot, ki mu je posvečena. Tudi glasba ima svojo fizično podobo, ki pa ni njen cilj. Njeno bistvo je usmerjati duhovno potovanja tistih, ki se ji predajo. Glasbeno plesna romanja Capelle Carnirole so v prvem delu koncerta posvečena kultu skrivnostne Črne Marije srednjeveškega samostana Montserrat v Kataloniji. Preprosta slovenska ljudska pričevanje o Marijinem romanju in srečanju z brodarjem nas v drugem delu uvede v posvetnejše labirinte, posvečene pomladni in ljubezni.

*A maze is a dedicated path. Its physical image has a beginning and an end. However, the essence of a maze is to be found outside of its physical limitations – in its purpose and the path which is dedicated to it. Music also has a physical image, which is not its purpose. Its essence lies in leading the ways of those who surrender to it. In the first part of the concert, the musical and dance pilgrimages of Capelle Carnirole are dedicated to the cult of the mysterious Black Madonna from the Medieval monastery in Catalonia called Monserrat. In the second part, the simple Slovenian folk story of Madonna's pilgrimage and her encounter with a boatman introduces us to more secular mazes dedicated to spring and love.*

### Nova Europa: Melodije in palimpsesti sveta v nastajanju

### Nova Europa: Melodies and palimpsests of a world in formation

Palimpsest je stran rokopisa, ki so mu izbrisali besedilo, da bi ga lahko ponovno uporabili. Recikliranje, ki je bilo pogosto v obdobjih, ko je bil pergament preveč dragocen, da bi ga uporabili le za eno besedilo. Na palimpsestu dve besedili in dve obdobji prebivata na isti lokaciji, ena pokriva drugo. Seconda Pratica vabi svoje občinstvo k programu, posvečenemu zapletenemu postopku širjenja in mutacije, ki je značilen za repertoar kolonialnega baroka: prekrivanje dveh resničnosti; stari svet, ki ga na novo piše nova Evropa.

*A palimpsest is a manuscript page whose text was scraped off so it could be used again, a process which was common in periods where parchment was too valuable to be wasted on one text alone. In the palimpsest two eras inhabit the same location, one covering the other. Seconda Pratica invites our audience to a program dedicated to the complex process of expansion and mutation that marks baroque colonial repertoire: an Old World being rewritten by a New Europe.*
