- Glede na izrazito ofenziven in energičen pristop ministrice dr. Aste Vrečko k zagrizenemu reševanju desetletja zakoreninjenih problemov v slovenski kulturi si dovoljujem upati in pričakovati, da smo na pragu nujno potrebnih sprememb. Ker na bojnem polju ni dostojno samo čakati in gledati, pa morda še kaj pokritizirati, Vas vse, ki Vam je kaj do slovenske kulture, vabim na posvet o viziji kulturne politike z naslovom Kultura za prihodnost, ki ga organizira Ministrstvo za kulturo **v petek, 21. aprila 2023, od 14h do 16h** v Štihovi dvorani Cankarjevega doma, Prešernova cesta 10, 1000 Ljubljana.

Klemen Ramovš

- Given the markedly offensive and energetic approach of the Minister, Dr Asta Vrečko, to resolving the problems in Slovenian culture, which have been entrenched for decades, I dare to hope and expect that we are on the threshold of urgently needed changes. Since it is not decent to just wait and watch on the battlefield, and perhaps criticize something else, I invite all of you who care about Slovenian culture to a consultation on the vision of cultural policy entitled Culture for the Future, organized by the Ministry of Culture, on **Friday, 21 April, 2023, from 2 pm to 4 pm** at Štih Hall of the Cankarjev dom, Prešernova cesta 10, 1000 Ljubljana.

Klemen Ramovš

- Ljubljana, Narodni muzej Slovenije, Muzejska: Predstavitev monografije Rimsko vojaško odlikovanje torkves. Monografija obravnava rimsko vojaško odlikovanje torkves od pozne republikanske dobe do začetka 3. stoletja n. št. Izhaja iz analize vseh razpoložljivih vrst virov: antičnih literarnih del, epigrafskih virov – napisov, upodobitev na kamnitih spomenikih in arheoloških najdb. Samostojno poglavje je namenjeno preučitvi domneve, da so Rimljani vojake odlikovali ne le s parom torkvesov, ki so jih nosili na prsih, ampak tudi s po enim torkvesom, ki so ga nosili okoli vratu.

- Ljubljana, National Museum of Slovenia, Muzejska: Presentation of the monograph Roman Military Decoration Torques. The monograph deals with the Military Decoration Torques from the late Republican era to the beginning of the 3rd century AD. It is based on the analysis of all available types of sources: ancient literary works, epigraphic sources - inscriptions, depictions on stone monuments and archaeological finds. A separate chapter is dedicated to examining the assumption that the Romans distinguished soldiers not only with a pair of Torques worn on the chest, but also with one Torques worn around the neck.

Torek / Tuesday, 4.4.2023, 16:30

- Narodni muzej Slovenije, Metelkova: Gašper Oitzl: »Meščansko srebro«. Zbirka kositra v Narodnem muzeju Slovenije. Kositer je bil predvsem v zgodnjem novem veku priljubljen material za izdelavo raznovrstnih uporabnih predmetov, še posebej kuhinjskega posodja. Narodni muzej Slovenije hrani prek 400 predmetov iz kositra; poleg posodja tudi več svečnikov, jedilnega pribora in okrasnih izdelkov. Velik del predmetov je bil izdelan v ljubljanskih delavnicah, veliko jih je tudi iz Češke in Nemčije. Zbirka se je oblikovala skoraj skozi ves čas delovanja muzeja, prvič je bila predstavljena na občasni razstavi Kositer na Slovenskem v letih 1981/2, nedavna revizija pa je ponudila številne nove ugotovitve.
- National Museum of Slovenia, Metelkova: Gašper Oitzl: "Middle-class silver". Pewter collection in the National Museum of Slovenia. Especially in the early modern century, pewter was a popular material for making a variety of useful items, especially kitchenware. The National Museum of Slovenia houses over 400 pewter objects; in addition to crockery, several candlesticks, cutlery and decorative items. A large part of the items was made in Ljubljana workshops, many of them also come from the Czech Republic and Germany. The collection was formed almost throughout the entire period of the museum's operation, it was presented for the first time at the occasional exhibition Pewter in Slovenia in 1981/2, and a recent revision offered many new findings.
