Sistem ocenjevanja kulturnih projektov: primer Seviqc **Systemic issues in the evaluation of cultural projects: case Seviqc**

Javno pismo **o nekonsistentnem ocenjevanju kulturnih** **projektov, primer Seviqc**

Danes sem članicam in članom Odbora za kulturo DZ in Nacionalnega sveta za kulturo poslal dokument o sistemskih problemih pri ocenjevanju kulturnih projektov.

Gre za konkreten primer, ki po moji oceni jasno kaže na pomanjkanje pravne varnosti, nekonsistentnost odločanja ter uporabo kriterijev, ki niso določeni v razpisnih besedilih.

Ker gre po moji oceni za vprašanje širšega javnega interesa, dokument objavljam tudi javno na www.seviqc.com/Poslovno/Sporocila

Klemen Ramovš

Public letter **on inconsistent evaluation of cultural** **projects, case Seviqc.**

Today I sent a document to the members of the Committee on Culture of the National Assembly and to the National Council for Culture addressing systemic issues in the evaluation of cultural projects.

It presents a concrete case which, in my assessment, clearly demonstrates a lack of legal certainty, inconsistencies in decision-making, and the use of criteria not defined in the call for proposals.

As I consider this to be a matter of broader public interest, I am also making the document publicly available at www.seviqc.com/Poslovno/Sporocila.

An English translation of the full document will be available in the coming days.
